October brings a close to our 1st nine weeks of school, and the beginning of a new experience with Chromebooks. Next week, teachers will begin introducing Chromebooks to our students. Students have set up a short cut to Think Central, and set up log-in information. Teachers will be provided professional development by Google for Education this week utilizing the new school-wide HTCS Wi-fi.

The students played hard during the HTCS Team Spirit Day. Thank you to the parents, SSC volunteers, and specials teachers for a fun day! The next Spirit Day will be October 27: Boo To Do. If you did not fill out a volunteer form and would like to volunteer at HTCS, please call the school at 467-5158. See action photos on our website.

Tickets for the 5K fundraiser were sent home last week. The winner will be announced at our family night in December!

I hope you will participate in our family rosary event this month. With all that is taking place in our country, and events in the world, prayer is always needed. There are great free apps like Scriptural Rosary to assist you if needed. A packet was also sent home with details.

Spirit shirts will be going on sale soon. Students will be able to wear these shirts each Friday. Look for order forms soon. Cost is 12.00 and 15.00.

Fruit of the Spirit for October: Self-Control
